CITY ITEMS.

Gen. Abbott has returned from his visit north.

The criminal court of this county is now in session.

Bishop Hood passed through our city on Monday last.

Second class steamboats are in demand for excursion purposes.

Mr. W. F. Wenzel is erecting a residence on the corner of Seventh and Chestnut streets.

Gen. Allan Rutherford is on a visit to his friends in this city. He is looking in good health.

There is a newspaper in this city which will hereafter be known as the "Quarantine Star."

We understand that some of our business men are contemplating getting up another Congress for this city.

The new Collector of Customs, for the port of Wilmington, W. P. Canada, entered upon his duties on Monday last.

Mr. M. M. Katz has returned from his regular spring visit north, where he has been purchasing goods for his many customers.

The Purcell House has been doing a splendid business during the past winter, and still continues to do well under Messrs. Cobb Brothers.

Marshal Hill is also in the city; so we should think from the appearance of things that the North Carolina officials are on the "war path."

J. J. Cassidy, former editor of this paper, is on a visit to his old home only for a short time. He speaks very highly of his new home, Peoria, Ill.

The Market House now has gas light. The butchers can furnish gas enough for the people in around the market without the city aiding them.

Mr. Jno. T. Vann, a former resident of Wilmington, has been elected First Lieutenant of a military company at Winston, N. C., his newly adopted home.

When everything else has failed to give relief in persistent cases of Fever and Ague, Dr. Harter's Fever and Ague Specific has effected a speedy and permanent cure.

COMMISSIONED BY THE GOVERNOR.—John H. Allan has been appointed as Quartermaster, with the rank of Captain, in the First Artillery Battalion, N. C. S. G., Col. H. G. Planner, of this city, commanding.

The city tax list for 1871, 1872, 1873, 1874, 1875 and 1876 will be found in the two Democratic papers in this city, advertising property for sale unless the taxes are paid on or before May 1st, 1878.

Colonel L. E. Rice has received the appointment of Deputy Collector of Customs for the port of Wilmington. Col. Rice is a thorough business man, and no appointment would be more satisfactory to the merchants than his.

The city authorities have always allowed cows to run at large after the first of April. There is plenty of grass and there certainly can be no valid excuse for compelling the poor people to keep their cows penned up for another month.

The Magistrates of New Hanover county met on Saturday last and organized by electing Mr. Jno. S. James, one of our most highly respected citizens as Foreman. They could not have selected a better or more worthy gentleman to fill that position.

Mr. Nutt, who has been in Washington for several weeks on business for the river and harbor, has returned. We know that Mr. Nutt did all that any man could have done, and is entitled to the thanks of the business community for his energetic services in our behalf.

THE LATEST POSTAL RULING.—Postmasters are calling attention to the recent order of the Postmaster-General providing that printed matter of every kind or description offered for mailing at third class rate must be received in mails for transmission therein at the rate of one cent for each ounce, or two ounces, or fraction thereof, as the case may be. This applies to printed directions, or request, or any printed matter upon the envelopes, as well as the inclosure therein. Respecting price marks upon samples of merchandise, they will not subject such samples to a higher rate of postage, provided such price marks appear in the original print. This ruling is intended to prevent and overrule any rulings heretofore made inconsistent with the same.

Timed galleons and "cloth of gold" are trimmings now worn in Paris but will not now appear here until the fall season.

The plainest and simplest of draperies are preferred.

An exchange has an article telling "How matches are made." We supposed everybody knew it was by taking young man and young woman, equal parts, and let them sit up together about six months, telling them a few times in this interval that they should never have each other. Still there may be other ways we haven't heard of.

PALATABLE MEDICINES.—Ayer's Cherry Pectoral is a honeyed drop of relief; his Cathartic Pills glide sugar-shod over the palate, and his Sarsaparilla is a nectar that imparts vigor to life, restores the health and expels disease.—Waterford (Pa.) Advertiser.

Dr. Richard Holland, of Butler Co., Mo., writes: "I have been practicing medicine over twenty years, and I must say I have never used anything in my practice equal to Dr. Harter's Fever and Ague specific, I fully endorse it, and say to the public, that as a 'Specific' for Fever and Ague it has no equal."

Judge Albertson, our newly appointed District Attorney was in the city on Wednesday last. He is making an official visit around his District, and we think, from what few words we heard from him, that violators of law may look out for a very vigorous prosecution—particularly the internal revenue violators. He has instructed the Deputy Collector of Internal Revenue, of this city, that he must collect the taxes due the government, or prosecute those who refuse or neglect to comply with the law.

A Remarkable Result. It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Coughs, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

THE POSTAL COMMISSION.—On Thursday morning Postmaster General Key, Senator Hamlin, Hon. J. M. McGrew, Chief Clerk Knapp, of the Postoffice Department, and about thirty others, ladies and gentlemen, comprising officials and gentlemen of the press, reached this city on their way to Cedar Keys, Florida, via Charleston, Savannah, &c., and thence to Havana by a steamer which will be in readiness for them.

They were received at the station by President Bridges, Mr. A. Pope of the Weldon Road, and a few other gentlemen. They stopped half an hour for breakfast, a beautiful one which all seemed to enjoy. All were in excellent spirits, and had thus far enjoyed their trip very much. Col. Bridges accompanied the expedition. The purpose of this expedition is to open a new postal line to the Islands and to South America.

WILMINGTON COMPRESS AND WAREHOUSE COMPANY.—At the annual meeting of this Company, held at the Bank of New Hanover on Tuesday morning, at 11 o'clock, Alex. Sprunt, Esq., was called to the Chair and Mr. William Calder was requested to act in connection with Captain George Sloan as Secretary, whereupon the meeting was declared duly organized and ready to proceed to business.

Mr. Donald McRae, President of the Company, made some explanation in reference to the affairs of the Company, and also presented a financial statement of its condition and prospects, which was discussed and accepted.

A resolution was passed approving and endorsing the action of the Board of Directors in increasing the capital stock of the Company from \$60,000 to \$85,000, and purchasing and erecting the new press.

The following gentlemen were then elected Directors for the ensuing year: D. R. Murchison, Alex. Sprunt, J. Wilder Atkinson, A. Pope, Donald MacRae, I. B. Grainger, H. A. Barr, James H. Chadbourne.

At a subsequent meeting of the new Board of Directors Capt. D. R. Murchison was elected President and Capt. George Sloan Secretary and Treasurer.

Combination suits are very much liked—observe that in the imported suit of this character, one of the colors is always dull, while the rest are brilliantly distinct and often of the most delicate tints.

Gold embroidery, in fringes, lace, tassels, balloons, passementerie, is everything, in fact, is worn in Paris, both in the morning and evening, but it is vulgar for all that.

Macramé lace work, in the form of tidies, bureau mats and chair covers, is the favorite fancy work for ladies at the moment.

Timed galleons and "cloth of gold" are trimmings now worn in Paris but will not now appear here until the fall season.

The plainest and simplest of draperies are preferred.

Fashion Notes.

Rich articles of lace are growing into favor.

Cut jet beads are very much in demand.

Duchesse lace has taken the place of point lace.

Sleeves are as small as may be worn with comfort.

Among the choice novelties of lingerie are "Duchesse ends" on Mull neckties.

The latest style of dolman has short, square Hungarian sleeves and a pelerine front.

Yokes and pleated and gathered waists are very becoming to tall, slender women.

Many polonaises are accompanied with pelerine dolman, to be worn on cool mornings.

Half blossomed flowers, with scant foliage is the latest transition for bridal garlands.

Yokes, or trimmings producing yoke effects, are very popular for very young ladies' dresses.

Scarfs of crepe lisse, with the ends embroidered in silks of Oriental colors, are pretty novelties.

Handsome wedding dresses or corded pearl white silk are trimmed with pleatings of English crape.

STATE ITEMS.

H. A. Badham, Esq., is a candidate for District Attorney in the Western District, in the case of a vacancy. The District will not be abolished. That's flat.

Candidates for Justices of the Supreme Court are as plenty as blackberries in July. Now some one nominates Mr. Thos. N. Hill of Halifax. And who is Mr. Hill?

We see it stated that the Supreme Court has decided that the half per cent. tax levied and collected from the merchants for purchases outside the state is unconstitutional. Half of the tax, we believe, went to the county. Our merchants, we presume, are glad to hear of this, for it must have been a source of annoyance.—*Ex.*

Gen. Abbott has voluntarily resigned the Collectorship of the port of Wilmington and William P. Canaday, Esq., editor of the *Post*, has been appointed to succeed him. Mr. Canaday is a clever, whole-souled fellow, but is a red-hot, fire-tried Radical, and we are somewhat surprised at President Hayes giving him the place.—*Spirit of the South.*

The Charlotte Democrat announces the death of Paul B. Barringer, a brother of Gen. Rufus Barringer, of that city and Mrs. Margaret Grier, also of Hon. Victor Barringer, now resident in Egypt. Mr. Barringer's death occurred at his home in Oxford, Miss., and was caused by the accidental discharge of a pistol which he was carrying.

On Friday of last week Dr. F. J. Thorp and Mr. James Lucas put into practical operation a telephone from the drug store to the residence of Dr. H. R. Thorp, a distance of 150 to 200 yards. Sound was carried distinctly from a room, with closed doors, in his residence to a back room in his drug store. Conversations were held and several pieces of vocal music rendered with a clearness that was really astounding.—*Rocky Mount Mail.*

The U. S. Government has established a fish hatchery on Albemarle Sound at the point between the Chowan and Roanoke rivers. The hatchery is operated by steam, and it is thought that ten millions of shad will be hatched out in the next six weeks. The young fish are distributed free to the Fish Commissioners of each state. Colonel Polk, our Commissioner, proposes to commence at once and put a million of shad in each of the following rivers: Tar, Neuse, Cowan, Roanoke, Cape Fear, Yadkin and Catawba.

A WINDFALL.—During the war our townsman, James R. Moore, on one occasion went out in front of our lines to give some water to a wounded yankee, who was lying in a helpless condition upon the ground but lately occupied by the Federal forces and from which they had recently been driven. The man was crying piteously for water, and the bullets were rattling around from both armies. Moore said he intended to risk the exposure to do a deed of mercy and went out to him. It proved to be a captain of a Pennsylvania regiment, who was profuse with thanks, and offered Moore his gold watch, which the gallant Confederate declined. He begged for his name that he might, if he survived the war, remember him. This was written down in his memorandum book. The Captain recently wrote here to know if Moore was living—said he was rich, but dying of Consumption and wanted to provide for Moore in his will. Mr. Moore wrote to him and received a friendly letter in reply telling him that there was ten thousand dollars set apart for his use, to be paid in installments of two thousand dollars each. The Federal officer has since died and the other day the first payment of two thousand dollars was received. Truly 'tis "good to give even a cup of cold water in the right spirit."—*Blue Ridge Blade.*

MISCELLANEOUS.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effective for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling out, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

BEST AND CHEAPEST AND BEST PETERSON'S MAGAZINE

FULL-SIZE PAPER PATTERNS

As a Supplement will be given to every number for 1878, containing a full-size paper pattern, child's, lady's, or child's. Every subscriber will receive, during the year, twelve of these patterns, so that these alone will be worth more than the subscription price.

"Peterson's Magazine" contains, every year, 1200 pages, 11 steel plates, 12 colored bird patterns, 12 beautiful colored baby patterns, 3 pages of music, and 96 wood cuts. Its immediate and ready sale is a proof to spend more money on publications, stories, etc., than any other, it gives more for the money than any in the world.

Thrilling Tales and Novels

Are the best published anywhere. All the most popular writers are employed to write originally for "Peterson's." In 1878, in addition to the usual quantity of short stories, FIVE ORIGINAL COPYRIGHT NOVELS, written by the best authors, will be published. Stephens, Frank Lee Boucicault, Mrs. F. H. Burnett, and others.

Mammoté Colored Fashion Plates

Ahead of all others. These plates are engraved on steel, twice the usual size, and are unequalled for beauty, and are superbly colored. Also, household and other receipts; in short, everything interesting to ladies.

N. B.—As the publisher now prepares the postage to all mail subscribers, "Peterson's" is cheaper than ever; in fact is the cheapest in the world.
